Hello. My name is Jane. I am 13 years old and I was born on 1<sup>st</sup> July but we usually celebrate my birthday the last week of school year, in June, because I go to summer camp on the first day of the summer holiday and I want to have my birthday cake. I love December as well. Guess why! It's Christmas, of course. I don't like April very much, it's usually cold and rainy. May is much better. What is your favourite month?
